

*For current or aspiring nurse leaders at **Dartmouth Health***

Whether you're already in a leadership role or aiming to be in one, our flexible, online part-time programs help nurses build essential leadership skills and develop an innovative perspective to succeed in today's everchanging healthcare landscape.

CHOOSE YOUR PATH

Program	Credits	Months to Complete	App Deadline
Master of Science in Nursing Leadership and Innovation (MSN)	31	20 months (5 semesters)	1/9
PMC in Nursing Leadership and Innovation	15	20 months (5 semesters)	1/9

Rooted in the Benedictine, Catholic tradition, our Anselmian approach to graduate education reflects a deep commitment to community, hospitality, and human dignity—essential for patient care.

WHY INNOVATION?

With rapid changes to the field of healthcare, innovative thinking is essential to adapt and evolve to new technology and delivery modalities. Our program will empower you with compassion and ingenuity to confidently make a difference for patients, providers, and the practice of caregiving.

PROGRAM BENEFITS

- Courses offered: fall, spring, summer
- 20% tuition discount for **Dartmouth Health** employees
- Exceptional mentorship from industry experts
- Earn clinical hours to apply towards future DNP
- Eligible to pursue AONL Certified Nurse Manager and Leader® (CNML)
- Build financial management skills essential to budget planning, resource allocation, and strategic decision-making
